Washington, DC 20423

REFERENCE: Petitions from FRIENDS OF THE LAKES

Please find attached an additional batch of signatures which brings the total number we have presented you to over 1150. The signatures are from the people who live and recreate in the Matanuska-Susitna Borough and who want the railroad extension along the Willow Route.

We will be continuing our quest to inform the citizens of the Borough of the facts that relate to the railroad corridor. It is important for you to know that an overwhelming majority of the people are in favor of the Willow route and there are only a vocal few that are in favor of any of the other routes.

The connector that is the least disruptive to humans, animals and the environment is Corridor 3 - Willow Route.

[illegible]

We support this route as it is consistent with the Mat-Su Comprehensive Economic Development Strategy (June 2006 Update), the Mat-Su Borough Long-Range Transportation Plan and the Matanuska-Susitna Borough Rail Corridor Study, June 2003. These plans are in the best financial interest of the citizens of the Mat-Su Borough and the State of Alaska.

FRIENDS OF THE LAKES

We, the undersigned, support Corridor 3 Willow Route of the Alaska Railroad - Port MacKenzie Rail Extension Project, Financial Docket No. 35095,

We support this route as it is consistent with the Mat-Su Comprehensive Economic Development Strategy (June 2006 Update), the Mat-Su Borough Long-Range Transportation Plan and the Matanuska-Susitna Borough Rail Corridor Study, June 2003. These plans are in the best financial interest of the citizens of the Mat-Su Borough and the State of Alaska.

The connector that is the least disruptive to humans, animals and the environment is Corridor 3 - Willow Route.

FRIENDS OF THE LAKES

We, the undersigned, support Corridor 3 Willow Route of the Alaska Railroad - Port MacKenzie Rail Extension Project, Financial Docket No. 35095,

We support this route as it is consistent with the Mat-Su Comprehensive Economic Development Strategy (June 2006 Update), the Mat-Su Borough Long-Range Transportation Plan and the Matanuska-Susitna Borough Rail Corridor Study, June 2003. These plans are in the best financial interest of the citizens of the Mat-Su Borough and the State of Alaska.

The connector that is the least disruptive to humans, animals and the environment is Corridor 3 - Willow Route.
