Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 22 Aug 08

Comments must be submitted by September 30, 2008.

The Cal. Highway & The F.H.E. would have a DECLASSIFIED report on the traffic safety and welfare of all affected communities. Bannington is so congested with traffic already it seems unreasonable that the addition of 25+ buses a day would be allowed. I have seen accidents where children walking to/from school, the buses all care with speed sitting in traffic. The possibility of emergency response vehicles to respond affect my and promptly to or from, fire or accident. I urge the STEC to not allow this devastating transaction to go through.
