Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 9/25/08

Comments must be submitted by September 30, 2008.

From listening to all comments at least at this forum, it is apparent that the great majority of U.S. taxpayers will be negatively effected by the CN aquisition of EJ & E Railway Co.

The simple solution of building new tracks around the map in rural areas would cost less than mitigating all the necessary structures.

Where is common sense.
