The STB,

I am writing to voice my concern regarding the CN acquisition of the EJ+E Rail Line. Please stop this from happening to our line community of Plainfield, N.J. We stand in opposition to this proposal for many reasons. Our small town grew so fast in the past few years that we are unable to handle the congestion of the traffic now. We are currently rebuilding the main street and trying to widen Rt. 59. There is no way we can handle train traffic of this magnitude. We just can't.

Please help us by stopping the sale of the EJ+E Railroad, it will destroy our small town atmosphere that we have worked so hard to maintain.

Gill Clem (concerned home owner)
