708-335-0089. I am calling because I am opposed to the trains sitting on the tracks for so long. Sometimes you miss appointments and different other things sitting waiting for the trains (just sitting there). I would appreciate if you can do something to move the train to another area, or whatever, late at night, whatever you can do to keep the train from sitting on the track so long. Thank you. If you have a question, call me. Again, my name is Marilyn Bell and my number is 708-335-0089.
