REF: STB Finance Docket #35087

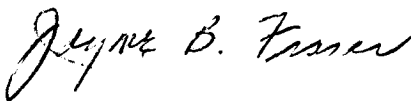

Ms Ball:

I am writing in reference to the purposed purchase of EJ& Railroad by Canadian National Railway. I would like to state my firm opposition to this action based on my review of the Environmental Impact Study.

I believe the results of this purposed action to be detrimental to my neighbors and myself. Specifically my opposition is made based on the impact to emergency vehicles, school safety, increase/delay in travel times, and the reduction of property values within our area.

I would urge the Surface Transportation Board to reject this proposal for all of the above stated conditions.

Thank you for your consideration,
