Subject: CN Railway Company/EJ&E
STB Finance Docket No. 35087

Dear Secretary Quinlan,

As a resident of Chicago, I would like to write in my support for CN's plan to purchase a portion of the Elgin, Joliet, & Eastern line and redirect freight traffic to these more rural areas of Chicago. If approved, this plan will loosen traffic and more importantly, allow rail lines to travel much more efficiently.

Although I do not encounter idle trains often, I support this proposal simply because it would prove to be cost effective for freight travel. As of right now, it can take a train up to 24 hours to get through the city of Chicago; however, with this proposal, the delivery system by freight train will greatly improve, and will increase productivity, strengthening our economy.

I encourage you to support CN's plan to acquire a section of the EJ&E line. With your approval, you can help facilitate reliable, yet stable traffic, and help to increase the value of businesses in the area.

Regards,
