Transcript:

I am a victim of the nonstop trains are going to eventually lead to a blockage of all transportation if we don't get some relief, but if at the very, very least, if you chose to go with the money, instead of the voters, would you be kind enough to establish a quiet zone in South Holland, so that we don't get deafened and lose our hearing by these trains that constantly go through. Give some of this pain in the neck to the north suburbs, I know, they've got the money.
