Submitter's Comments

I cannot believe that we in America are contiplating on letting another country come in to our small towns and distrupt our lives. I will support the CN purchase ONLY IF they will put in writing how they will improve all the rails along their route. They MUST be held accountable and therefore they MUST either---at their OWN COST---build bridges or underpasses in each small town so that their trains will not interrupt our daily lives. They MUST pay for all the improvements....not us.
