I would like to protest the CN and EJ&J merger and ask you to recommend against it on the basis of safety and unreasonable traffic congestion in the Barrington area. If this happens, it would basically destroy the downtown of Barrington because people would not come downtown due to the freight train traffic. I think to adversely affect so many people so that a railroad can increase it's time to get to a few of their customers is wrong.

Another reason not to approve the merger is the safety issue, especially for our children. Response time for emergencies will be reduced which will put lives into danger, all for a railroad to save some time. It is just wrong and irresponsible of the companies to ask for this without considering the damage they will do to this small town.

Thank you,
Tom Palmer
