Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

I am concerned and disturbed with the amount of extra train traffic running through our small town. We are not equipped to handle the over flow of 2 mile long freight trains. Am concerned about the safety of the middle school students at Station School in Barrington who have to cross over the tracks to get to school. Am concerned about all of the toxin and foreign substances that will be brought into our community. No trains in our small town.
