Message:

The EJ&E Railroad is already a busy line. We live near the tracks, and already have trains on a regular basis. Many of the crossings do not have gates in and around Minooka where I work. The tracks are also located near many residential areas. This is going to bother and cause potentially fatal accidents in and around Minooka. As I said, several of the crossings don't even have gates! Please consider the residents in this decision! In the current state of the tracks, there will be fatalities!
