Transcript:

I definitely do support the plan to move the trains out of the city and into the lesser used tracks, because where I live, which is close to Midway Airport, we have trains going across 55th and Cicero, 55th and Central, Central going the other way, going across Cosner, and I am stuck in the middle of all of this. There are times where if your not stuck by one, your stuck by the other one, and you just sit there. I would definitely go for moving the trains out of the city. Thank you.
