Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Dear Mrs. Johnson-Ball,

I am a person who literally has EJ&E railroad tracks running through my backyard. I am very concerned about the proposed acquisition of the EJ&E tracks by CN. I have a myriad of small points I could talk about, from my brother's asthma to increased traffic to a family of foxes that might move away, but I have a major point. The people who support this acquisition believe that the number of trains on their tracks will go down, but I believe they won't stay down. Sure, they'll probably be down for a few months, but then CN people will realize they have more room for more trains, and the situation will be back to square 1. Sure, the economy may be on the verge of collapse, but is the health of thousands, perhaps millions, worth this deal?

YOUR INPUT IS IMPORTANT!
