RE: HR 6707 CN Proposed Acquisition of EJ&E

From: Jason and Jennifer Werner
3230 Bremerton Ct.
Aurora, IL 60504

To Whom It May Concern:

We strongly oppose Canadian National's proposed acquisition of the Elgin, Joliet & Easter Rail Line. We have three small children and live within 250 feet of the rail line. We are seriously concerned about the increased response times of law enforcement and emergency vehicles to our residence should we need to utilize them. Furthermore, the elementary, middle and high schools that our children will be attending are within a one mile radius of the tracks and our home, all to which our children will be required to walk. The safety dangers that crossing rail tracks would cause to our children and thousands of other children are countless. We live near the crossing at Ogden Ave. (Rt. 34) just west of Rt. 59. It is my understanding that there is minimal chance if the acquisition goes through of an overpass being established. Without an overpass to mitigate the safety hazards and increase in emergency vehicle response times, I think it would be a huge mistake to allow the acquisition to take place and will result in negative revenue in a matter of a few years should it occur.

Thank you for your consideration in this matter,
Jason and Jennifer Werner
