To: Phillis Johnson-Ball

Ref: STB Finance Docket No. 35087

Dear Ms. Johnson-Ball,

I have always believed that a picture can speak a thousand words. So here is a picture of the ONLY underpass in Frankfort, IL. It flooded badly during a recent rain storm, as it often does in storms.

I am asking you to require CN railroad to pay for more underpasses for Frankfort in your environment report.

It would be dangerous for my family and my community not to be able to get an ambulance or police if they had to go 5 or 10 miles around intersections blocked by trains. It would waste valuable time if my brother John was having an asthma attack and needed emergency help.
(OVER)

I thank you for your
consideration in your final report
to the STB.

From,
Lauren Bird
