Transcript:

I do not want this railroad to go through, the Canadian National. I am very concerned about the public safety, increased traffic, gridlock, emergency response times and environmental and economic losses to the area including property values. I feel with the economy the way it is, this should not even be in anybody's mind in trying to go forward with this, plus with the environmental issues. So I do not want the railroad to go through. My phone number is 815-485-1620. You can get back to me if you need any more information. Again, this is Lawrence Beasley. Thank you very much. Bye.
