Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

The Canadian Acquisition would through Barrington would be detrimental to our community. Our town is already congested during all times of the day and with the added trains passing through our community it would create havoc in our town. We also have many children walking to and from our high school on a daily basis and with these trains passing through could increase the incidents of accidents to our children and tragedies due to the trains. It's already happened with the trains passing through and we have lost many lives. The noise level would greatly increase and create undue stress to our residents.

YOUR INPUT IS IMPORTANT!
