Message:

I am writing to you in opposition to the proposed acquisition for CN to use the EJ&E west company. This would cause extreem problems above and beyound the ones we experience right now. This aquisition would increase dramaticly on vehicle delays at railroad crossings on our already congested roads. ther would be increase of safety of the crossings: namely emergency vehicle response times as well as the increase in noise, vibrations and pollution as the trains pass through our communities. Neighboring cities and villages that use our roads for commutes to and from work, school and other activities will also feel the impact. Not to mention the risk you put our children in as more buses are faced with an increased in trains, trying to pass over tracks with a load of children. Also, the increase in danger our children WILL face having to cross tracks in order to get to school in a timely and SAFE manner. Speaking for my community as a resident and a Bus Driver Please DO NOT APPROVE the request. CHildren already face these concerns and threats in downtown Plainfield already.
