Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/28/08

Comments must be submitted by September 30, 2008.

While commerce is a part of our community and throughout the Chicago area, increasing the volume of trains will ~~hastily~~ impact the Barrington + affected communities in only NEGATIVE ways. Fire + safety, education, noise, hazard waste, real estate - all these areas will make towns that were not part of our "reality" ~~offer~~ benefit + we take the hit. 5 crossings, 2 mile long trains - this is not the community we want, nor would have moved to 66 years ago. Consider what CN will do to the Barrington "community" - it will no longer be a community.

YOUR INPUT IS IMPORTANT!
