RE: CN Railway Company/EJ&E
STB Finance Docket No. 35087

Dear Secretary Quinlan:

The train congestion in Harvey is a problem that needs fixing. I support CN's proposal to acquire a portion of the EJ&E rail line to the south and west of this area, and re-route many of CN's freight trains onto this less congested rail line. This would significantly reduce the number of trains passing through Harvey.

Cars get backed up at train crossings persistently. This includes the area around 147th & Wood Streets. At around busy driving times such as 8 a.m. and 4 p.m., the traffic can be particularly troublesome. As a result, I strongly support having fewer freight trains come through the community.

The proposal by CN is needed, and I hope you will give it your approval as soon as possible. Thank you.

Sincerely,

Pauline Yarbrough
