Docket #35087, EJ & E Railroad

Sale

Hello,

I am writing to voice my concern over Docket #35087, the EJ&E Railroad sale. The traffic in our area, Naperville/Aurora, is already a headache. I know of many people who say this area is a nice place to live, but they would never move here because of the traffic. I personally have been held up many times trying to get to a child's sporting event due to trains passing through or the traffic that backs up due to the trains passing. I realize some of this is necessary and try to plan accordingly. However, the thought that this delay in traffic will increase is frustrating.

I'm also concerned about what I hear will be carried on these trains. If it's true that toxic materials will be one of the main items being transported, the thought that an accident or any other incident that might occur could lead to toxic fumes being spread throughout this area, is of a definite concern.

My knowledge of this situation so far leads me to disapprove of this acquisition happening.

Thank you,
Tracey Vonnahme
Naperville, IL
