To Whom it may Concern,
We are highly apposed of the potential freight rail line system coming thru our backyard!! We moved out in Deselm for a reason - To get away from all the railways everywhere else. This system would totally take away from everyone who lives out here! Disrupting our community & farmers, Increased noise, Potential for Hazardous Spills our list goes on. Property values will automatically go down! Taxes Up!
This project does not bring anything to this small rural community besides a huge headache! Closed roads, fire & ambulance requiring waiting time for someones life! Seriously? Put this plan in your Backyard! No Communication to this town is unacceptable!

NOTE: When an individual chooses to submit an Environmental Comment or some Other Submissions, his or her personal contact information is considered public information and is shared within and outside of STB without additional authorization.
