Re: Finance Docket #34284
Vulcan Material Co./Southwest Gulf Railroad

Dear Ms. Ghosh:

This proposed project is in the wrong area. Vulcan should put its' project in an area where it is less populated with less harmful impacts.

We do not want our historical and archeological sites harmed.

We do not want flooding problems caused by the railroad.

If any railroad crosses any of our roads, we want full bridges and overpasses to protect the public.

Thank you for your attention.

Sincerely,

Bill Snyder
