No Sale or Lease of EJ&E to CN

Dear Sirs,

Please review the attached map to see how devastating access to and from mine and my neighbors residences would be , should CN acquire rights to EJ&E tracks.

WE WILL BE LAND LOCKED.

The 2 ½ minute train crossing time proposed by CN is laughable.

Trains could be nearly 2 miles in length which could easily stop traffic for 15-20 minutes . Multiply that by the possibility of 42 trains a day.

Please consider all other options to this sale or lease.

Sincerely: Dan Bredezen
