**Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company**

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I am here to voice my support for the
CN Acquisition of the EJ&E Rail line.

The acquisition leverages infrastructure crucial
to the growth of economic opportunity in the
Chicago area.

I am appalled at the actions of Senator
Durbin and others attempting to swiftly
create legislation to prevent CN from making
this acquisition. CN has complied with all
current regulations and has acted in a transparent
and ethical manner.

The ability for Industry to transport goods
coast to coast, utilizing Chicago's massive
rail network, is crucial in decreasing demand
on energy resources.

In short CN's Acquisition is Good for the
Country and for all of Chicago save a
few local communities that will now have
to endure what many communities already endure.

YOUR INPUT IS IMPORTANT!
