I am a resident of Conestoga Township who enjoys trail riding and walking. The idea of a trail on this rail line I believe is an opportunity we ^{cannot} afford to squander. The questions of liability for land owners, cost of removing or maintaining bridges and tunnels, overhead power lines, policing, and upkeep cost are all issues that are valid but could be resolved by a joint effort of the Federal, State, and local government agencies.

The opinions voiced at the recent meeting in Quarryville have convinced me of the importance of preserving this historical rail line in the form of a trail.
