Ref: Finance Docket No. 34284

Ms. Ghosh,

I am a landowner in Quihi, Texas and I and my family will be adversely impacted by the construction and operation of the proposed quarry and railroad. I also strongly object to the railroad and the possibility of have my land taken for the private use and profit of Vulcan Materials.

A railroad in this historic rural landscape will cause multiple hardships on the all the residents of Quihi and the surrounding area. It will affect traffic and impede the flow of streams and rivers causing additional flooding beyond what we already experience. Also, the Quihi area is an important historical area and should be preserved for future generations undisturbed.

I, therefore, fervently request that the application for approval of a railroad in the Quihi area be denied. If you have any questions or need any additional information please contact me.

Regards,

Glenn K. Lindsey
