Washington, DC 20423-0001

EI-24265

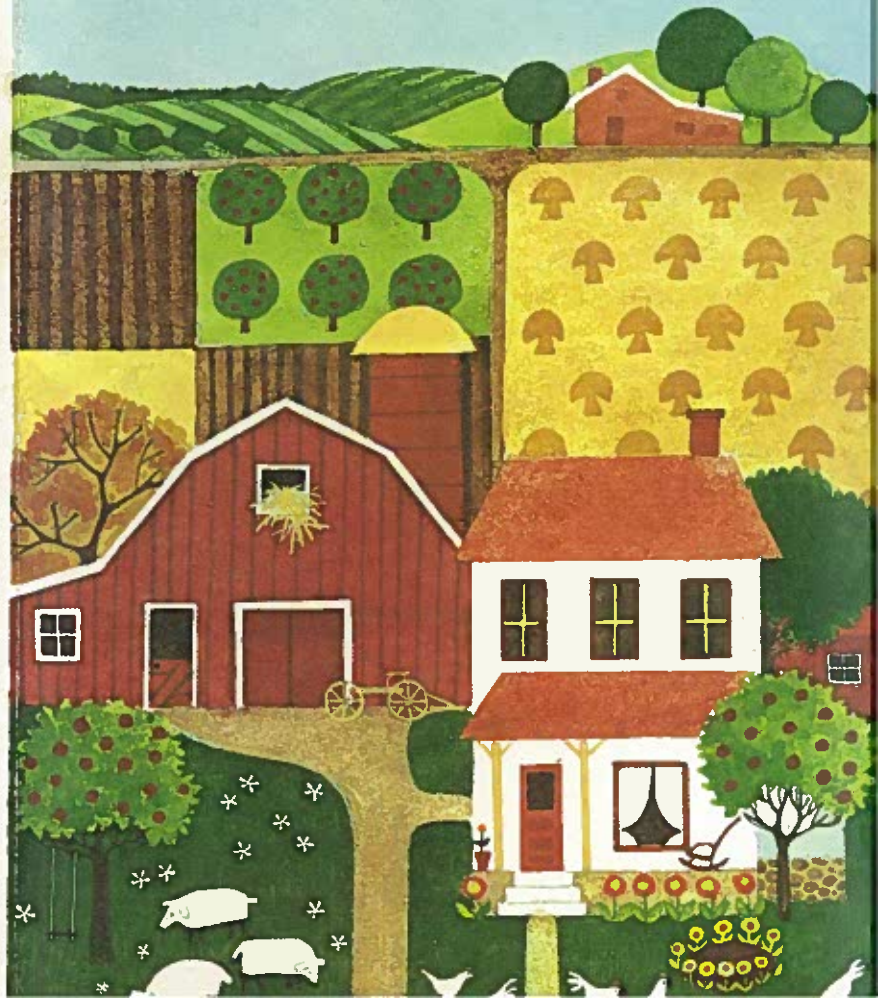

Mr. Navecky,
My family has been farming
for six generations. We have
worked tirelessly to ensure our
land will be sustainable for
generations to come and remains
of the highest quality.

This project would take many
acres of precious farmland
which could never be replaced.
We need to preserve farmland.
I oppose this project and
ask that all action be stopped.
Thank you for your time.
