RE: Draft Environmental Impact Statement Rail Line Between Levan and Salina, Utah

Dear Ms. Johnson-Ball:

The Utah Department of Environmental Quality (UDEQ) Division of Environmental Response and Remediation (DERR) has received your request for input regarding the above referenced project.

We encourage you to review the DERR Interactive Map, as one source of data, prior to finalizing the Environmental Impact Statement to ensure you are informed of potential contamination. The Interactive Map is located at: <http://enviro.deq.utah.gov>. You are also encouraged to speak to the Division of Solid and Hazardous Waste at (801) 536-0200 and the Division of Water Quality at (801) 536-4300.

It is possible that future construction activities associated with this project will encounter hazardous substances. These materials must be managed and disposed of properly. If impacted materials are encountered during construction, please notify the DERR.

If you have any questions regarding this letter, please feel free to contact me at (801) 536-4127.

Sincerely,

Leigh Anderson
