Message: I would like to voice my concern regarding the the CN acquisition of EJ & E railroad. I live close to several of the intersections which be affected by the increase in train traffic if CN is allowed to use the EJ & E railroad. This is very frustrating to me because the traffic at these crossings is already a problem. The crossing on Liberty St, Ogden Ave., Montgomery Rd. and Hafenrichter Rd. are all very busy streets as is, and adding more trains will just make the traffic congestion even worse. There are not alternative paths to drive due to the close proximity of these intersections. Plus we can not afford the increase in gas and the increase in wear on our automobiles, that will be occuring as a result of sitting at these crossings every day.
