I feel that 28 trains a day will tie up traffic on West Bartlett Road from RT 59 - TO RT 25 for miles

There is an Elementary School (Nature Ridge) that if they ever need Fire assistance, the trains will prevent them from receiving help! (West Bartlett Road)

A new Fire Station is being built in Bartlett on West Bartlett Road to service all the subdivisions on the west end of Bartlett which are west of the train tracks. We had our taxes raised but the Fire Department will not be able to get to the subdivisions because of the trains.

We had an emergency a couple of years ago, and the police took a half an hour to arrive because they were delayed by the train.

If the train carries hazardous material and it derails it would put the school and all residences in danger.

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.

Also my children have allergies & Breathing problems,
and we move out away from the city & with
the trains, this will add pollution to the air.
