Mr. Phillip Johnson-Ball,

*Note date of this letter.
Do I need to say more
about the lives that were
lost.*

*Our community was a small
town. Good schools, church
peaceful living. We are growing
into a very large community now.
More people, more roads, more
buses, trucks, cars. STOP this
the Canadian National Railroad
acquisition NOW. Why should a
foreign railroad haul hazardous
material through our communities,
tie up our roads, stop the flow of
traffic, so our emergency vehicles
can not get through? We don't
want this.*

*Thank you.
