Phillis Johnson-Ball

Surface Transportation Board

395 E. Street, SW

Washington, DC 20423

Ref: STB Finance Docket No. 35087

Dear Ms. Johnson-Ball:

As a resident of New Lenox, a community that will be negatively impacted with the increased number of trains being proposed with the purchase of the EJ&E railroad by the CN railroad, I would like to express my concerns. I understand that the number of trains may exceed thirty trains in the future and that these trains may extend three miles in length causing over twenty minute crossing delays.

I strongly believe that this will change our lives. We live on one side of the train tracks and work on the other. So we go over these train tracks at least two times a day. The type of work my husband does means he travels from work to various locations. So he would be traveling over the train tracks multiple times a day. This would mean waiting for trains multiple times during the day. He would be working longer hours just because of his wait for these trains. I don't see the value in this.

Please take my concerns into consideration when you make your recommendation and vote NO to the CN.

Sincerely,

A handwritten signature in cursive script that reads "Susan Visker". The signature is written in dark ink and is positioned above the printed name.
