My family & I live in New Lenox, IL and I am writing my opposition to the CN Railroads acquisition. I strongly oppose the acquisition. My son is currently attending school just before the railroads and it will greatly affect our commute time. My daughter will be 2 years and this will continue to affect myself & my family. It will mean lots more time sitting waiting for trains. In my opinion it will be a devastating change for New Lenox and it's residence for many reasons.

Please consider this my strong opposition against the acquisition.

Thank you!
