Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 08/26/08

Comments must be submitted by September 30, 2008.

I Strongly Object to the proposed
acquisition of the EJ&E Railway
Company.

The amount of congestion, delays
in hospital + emergency personnel
being able to reach their destinations
in a timely way are huge in
their implications and involve,
literally, life and death issues.

The increase in traffic along
these lines will delay school children
and endanger their safety as well.

The cost of redirecting traffic,
time lost in commuting, noise
pollution, reduced property values
and ~~the~~ millions of dollars
in business losses will severely
impact the safety + lives of
our residents. I strongly urge
you to NOT go ahead with this
proposal - for us and for our children!

YOUR INPUT IS IMPORTANT!
