Dear Mr. Navecky:

I would like to express my concerns over the proposed Great Lakes Basin Transportation, LLC rail line project. Docket # FD-35952. I oppose the project and ask the Surface Transportation Board to deny the proposal. My concerns are:

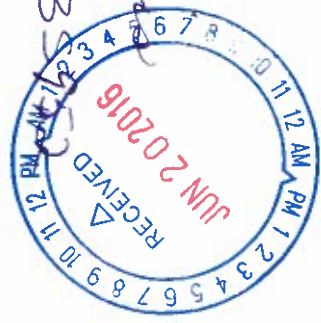

The loss of <sup>the</sup> feel of being/living in the  
country. Increased noise and vibrations  
from even one train! Decrease in our land/home  
value - our home is our biggest investment.  
What about the animals? - loss of their habitat.  
We access other areas via 2 roads and both  
would be impacted i.e. RR crossings and delays.  
I worry about possible spills! My list of concerns  
is endless. Bottomline - this project negatively  
impacts me and my neighbor's environment.  
I am against this project on so many levels.
