Message:

I am writing to voice my strong opposition of CN acquiring the EJ&E Railroad in the Chicago Suburbs. This action will greatly increase traffic, noise, and congestion. With the trains being up to 2 miles in length and with the average of 42 trains a day, it will make getting around these suburbs impossible. On top of the inconvenience this will cause there will also be a financial stress. The rail crossing are not set up to hold this amount of traffic and therefore will have to be reconstructed costing us the American tax payers money to support a Canadian company. There are only "cons" when it comes to the people who live and work in these areas and the only "pros" are for CN.

Dianne Troup
