Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

I am a mother of two young children ages 8 and 3 years old. The EJ&E train line runs less than .5 miles from our home. This acquisition threatens the safety and security of my children. I cannot imagine how any human being could in good conscience approve something that will devastate a community like Barrington, putting all of us in danger of not only our children having more chances of being struck by freight trains and blocking all of our intersections to get to the hospital. This town was not built to withstand this amount of heavy train traffic - other communities in and around Chicago are already built to accept traffic. This is the worst thing that could ever happen to this beautiful town. Please don't do this to us! You will devastate this community financially, emotionally, and physically!! My children are worth more than cargo!
