Transcript:

I'd like to state my opposition for the railway. Both of our children's school are located just west of them from our home and already experience large delays even though we only live one and a half miles from the school, due to the railroad as it stands now and with the added traffic it would increase their time even longer, plus the danger. There's also a hospital located on Ogden Avenue that is frequently backed up when the trains are passing and the ambulances and emergency vehicles are not able to get through. So thank you very much.
