STB Finance Docket No. 35087

To whom it may concern

Please consider this comment with regard to the proposed Canadian National purchase of the Elgin, Joliet and Eastern Railway.

This purchase and rerouting of freight trains from my home town of Buffalo Grove would not only greatly reduce safety risks but would in the long run enable expansion of the Metra line. This line is currently under used.

Expansion of this line would be a boon for a great deal of the northwest suburbs of Chicago.

Thank You

David Friedman
