Cathy and Judy,

In accordance with the Port MacKenzie Rail Extension (PMRE) project Programmatic Agreement, I am pleased to submit the Working Group's draft 2013 Survey Report: Segment 2 to initiate the 30-day formal review.

This is a negative survey report. This report documents surveys in selected portions of the direct APE for Segment 2. The surveys did not identify any cultural resources or previously unidentified historic properties that

would be affected by construction and operation of the PMRE project. Please note that SHPO and Working Group representatives had an opportunity to review a pre-submittal draft of the report and had no comments on that draft.

The pdf version of the complete report is attached, and I will send a separate e-mail with a word document in case you would like to provide edits and comments on that document. Please let me know if you would like a hard copy of the draft report.

Once we receive your comments, the Working Group will incorporate them as appropriate and submit a final report to the appropriate parties. Please contact me at 907.265.2313 or Brian Lindamood at 907.265.3095 if you have questions or require additional information.

Thanks,
Barb
