RE: STB Finance Docket No. 35087
Proposed Acquisition of the EJ&E Railroad by Canadian National

Dear Ms. Johnson-Ball:

I am a resident of Aurora/Naperville area , and I am formally opposing the proposed Canadian National Railway acquisition of the EJ&E Railroad.

I live very close the EJE railroad tracks, in the Eagle Pointe Subdivision. The traffic is extremely heavy on Montgomery Road already and with additional trains I will never be able to get out or get into my subdivision. The whistle wakes me up now at night, with the increased volume of the trains I do not believe I will be able to sleep. I purchased my home knowing that there was a rail line nearby, but I also knew that there were only about six trains that ran on it per day. You are proposing to increase the number of trains to twenty-eight per day. That's just too much and I can't believe that your Environmental Impact Study does not address exactly how I am supposed to cope with the increase in noise, vibration, pollution and inconvenience the increase in trains will bring. Please have the people who are doing the study come out to my house before they complete the report. They need to hear, see and smell what they will be doing to me.

CN is not willing to build an overpass on Montgomery Road or Ogden Ave and it will become a nightmare to live.

Respectfully submitted,
Eva Lendziszewska
