1. Which of the following applies to your situation?

- ☒ The proposed rail line is near my home.
- ☐ The proposed rail line is near my business.
- ☐ The proposed rail line crosses my property
- ☐ Other, please specify

2. What are your concerns regarding potential environmental impacts and do you have any mitigation suggestions?

This area depends on the Edwards
Aquifer to supply all of its water. One
mistake could destroy our water source.
Anyway you figure transporting gravel/masonry
is going to contribute greatly to air pollution,
which will effect the health of many area residents

3. Please use this space for additional comments or suggestions:

The URS Corporation is being paid by
Vulcan to do this study. I would like
to know if Vulcan has used them before
and what are the results of the studies
that URS Corp did for Vulcan on similar
projects?

Thank you for your comments.
