Thanks Dave. At least they won't be wasting our taxpayer money on the EIS.

Gary -

The consultant assisting the STB's Office of Environmental Analysis works under our sole supervision, direction and control, but its invoices are paid by the applicant. Our agency website has more information on this third-party contracting process here:

Thanks,

Dave

Subject: Question About the EIS

Dave,

I did not want to post this as a Comment because I do not know if anyone replies to questions in the Comments. So I'm hoping you can give me a quick answer to what I think is a simple question.

"What entity pays for the cost of the outside consultants who would be doing the EIS?"

Thanks.
