Dear Mr. Navecky:

I would like to express my concerns over the proposed Great Lakes Basin Transportation, LLC rail line project. Docket # 35952. I oppose the project and ask the Surface Transportation Board to deny the proposal. My concerns are:

I am opposed to the railroad proposal for many reasons. I own a small construction company we do building and excavating. Most of my customers are farmers or landowners in the railroad footprint. If you approve this project I will lose much of my business who will compensate me and my subcontractors for loss of wages please deny the proposal.
