I live in a mobile home park next to the tracks. I was told the trains only goes infrequently. I can not afford to move elsewhere. I am one block down from the tracks. It will be a very difficult situation for many people. And many people that live there are senior citizens of which I am one. As it is our house vibrate when the trains go by. This will be tripled or quadrupled especially when windows are open in the summer.

I hope this does not go through. I feel blindsided. It came out of nowhere. I think Chicago is unfair trying to throw this on the south suburbs.

YOUR INPUT IS IMPORTANT!
