Message: I live in Plainfield Illinois and am strongly against the CN to buy or merge with EJ&E Railroad. Our traffic congestion is so bad now and would only worsen if this were to happen. Not to mention that it would also jepordize our community's and children's safety and the great increase in noise pollution from the excessive trains. We the people of Plainfield are strongly against this purchase and do not want any more traffic congestion in this area! Sincerely, J.Hill
