Environmental Impact Statement

CN | EJ&E

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

Increased train traffic as proposed by CN would

- 1) create a safety problem as schools & homes are separated from emergency services
- 2) cause environmental damage on our wetlands and increased air pollution as autos wait for trains
- 3) have a potential to our ^{drinking} water supply which is provided by shallow aquifers
- 4) health concerns of air (& water as mentioned above) + emergency services
- 5) no guarantee of decreased rail in other communities after 3 years

Allowing CN to buy E&J would be the biggest sellout of the public interest I will have seen in my 59 years. DO NOT ALLOW IT if you are ~~to~~ protect the public interest and if you wish to sleep well with your conscience at night

YOUR INPUT IS IMPORTANT!
