Transcript:

I wanted to make a comment about the, the STB Finance Docket number FD-350870 <repeated address and name> I'm in favor of the purchase of the railroad. This will greatly reduce the train congestion in Elmwood Park. We have lengthy daily delays due to these freight trains and we have also had several accidents, some of them deadly due to the large volume of trains that we have going through this congested area. So it's very important that we decrease trains here in Elmwood Park. It's a good idea that they move the trains to the outer suburbs, which is what they want to do, where it's less congested. Thank you very much for listening to my comment.
